glycerin.**

EGENSKABER

- Fleksible og lette sikkerhedsstøvler til generel beskyttelse af håndværkere.
- ENERGY FOAM konstruktion skåner og giver maksimal komfort.
- STEP-RELEASE™ gør det nemt og hurtigt at tage skoen af.
- ROLLCAGE™ stabiliserende hæl giver god stabilitet selv i dårligt terræn.
- BOA® Fit System. Kraftigt og pålideligt snøresystem med hurtiglukning for en perfekt pasform samt hurtig og ubesværet brug, selv med handsker.
- Overdel i vandafvisende nubuck-læder for beskyttelse mod vand, støv og snavs.
- Forstærket front for at beskytte tåkappen mod slid.
- Metalfri konstruktion, med undtagelse af BOA® spænde, som stadig tillader brugere at passere gennem metaldetektorer.
- Overlegent greb for at forhindre at glide.
- ESD (elektrostatisk afladning) certificeret.
- Certificeret i henhold til EN ISO 20345:2022 S3S ESD SC FO SR.
- Tilgængelige størrelser: 36-48.

Metalfri Nej

Skostørrelse [EUIUK] 36/3

Emballage Papkasse

Indpakning 1/10

BRUGSANVISNINGER

The shoes shall only be used as safety shoes. Using the shoes beyond this application area is not permissible. Depending on the version, the shoes shall be protected against such risks as moisture, impacts in the toe area (impact and pressure forces), perforation of foreign objects through the sole, slipping, electric properties, light cuts on the boot shaft sides, heat and cold.

OPBEVARINGSANVISNINGER

Regular maintenance of safety shoes is essential to ensure their continued effectiveness. Clean shoes regularly using a soft brush and mild soap. Avoid using harsh chemicals or solvents as they may damage the shoes. Inspect shoes regularly for any signs of damage or wear and replace if necessary. Store safety shoes in original package in a dry, cool place, away from direct sunlight or heat sources. Avoid storing shoes in damp or humid conditions, as this may cause damage or deterioration. Do not store shoes in areas where they may be exposed to chemicals or other hazardous substances.

UDFASNINGSPERIODE

It is not recommended to store the product for more than 5 years. It is recommended to replace safety shoes every 12 months, or sooner if they become damaged or worn.
